

We Make it Easy to Switch

Open a First National Bank Checking Account Discuss your account options with one of our experienced banking professionals. They can highlight the benefits of our accounts so you can choose the one that is best for you. They can also point out the benefits of some of our account services like The First VISA® Check Card, First Online Banking & BillPay, iStatements, First Mobile Banking, and First Phone 24.

Arrange Direct Deposit This convenient and safe method of having your pay check or Social Security payment automatically deposited to your account is a great time-saver!

Pay checks may be automatically deposited by your employer. Just complete the enclosed Direct Deposit Authorization letter with a First National Banking representative and we will mail it for you. You should allow 2 to 4 weeks for the change in payroll to occur.

Social Security payments can be automatically deposited to your account each month through arrangements with the Social Security Administration. We are happy to assist you with this procedure.

Arrange Automatic Payments You may have arranged for some of your bills to be paid automatically. For example, monthly payments to your health club or insurance company can be paid on a regular schedule. If you would like to switch these automatic payments to your new First National Bank checking account, or establish new payments, complete the Automatic Payment Authorization letters enclosed in this kit. We will mail these for you.

Full Service Banking We hope you'll consider First National Bank for all of your banking needs, from savings accounts and certificates of deposit, to home mortgages and business financing. Just let us know how we can help!
